# **SERVING SOLUTIONS FOR HEALTHCARE AND SENIOR LIVING FACILITIES**

---

**Compliance and convenience are equally important factors in healthcare and senior living applications. Our product offering in this brochure is focused on enhancing the food service operator and patron's experience.**

**TableCraft will continue to search for opportunities to bring quality and dependable products that always promote food safety in the prep, storage and service.**

**BUILD  
YOUR BUFFET  
WITH  
BASKETS  
& BOWLS**

it may not be  
**rocket science...**  
but it's still **cool.**

**SIMPLE SOLUTIONS™  
BUFFET SYSTEM**

Put the focus back on the food in your buffet display and assemble your cold well unit with ease, using TableCraft's new Simple Solutions™ buffet system; featuring a full range of bowls and templates that fit any industry standard size cold well. No matter what NSF® 7 unit you choose, our new Simple Solutions™ features all the pieces needed to ensure a foolproof fit! Contemporary bowl design allows the vessel to sit perfectly side-by-side within the perforated templates, which are cut to fit each specific unit. This seamlessly tailored fit ensures that no food falls through gaps within your display and keeps the air at optimal cold-holding temperatures.

Perforated aluminum templates are pre-measured to fit the following units: Alto-Shaam CW-Series, Atlas RM-Series, Atlas RM-HP-Series, Delfield N8100B-Series, Hatco CWB-Series, Hatco HCWBI-Series, Randell 9900SCA-Series, Vollrath 36400-Series, Vollrath FAC-Series, Wells RCP-Series, Wells RCP-ST-Series. Custom sizes also available. Contact your TableCraft rep for details.

### FAQ:

Are there any performance differences between Natural Finish v. DuraCoat™ Cast Coated bowls?

While both finishes are great for cold food storage and display, only non-coated or natural finish bowls can be used for hot food applications as well.

# SIMPLE SOLUTIONS™ PRODUCTS & PROCESSES

## KEEPING IT CLEAN, CONSISTENT & COLORFUL

Our **Drop-in Template System** creates a clean, continuous presentation that cradles the bowls, so they won't accidentally fall through or spill into the well during change outs. No adapter bars needed! The perforated construction also allows for proper airflow within the cold well unit; surrounding the cold-holding vessels with direct air—maintaining proper cold-holding food temperatures. All our templates are available as individual pieces as well as complete kits; allowing for convenient ordering, customizing and arranging.

Our **Cast Aluminum Bowls** are virtually indestructible. Their straight-sided designs allows them to sit perfectly together to save valuable space and helps reduce slips and drips from "slipping through the cracks" keeping serving area clean. The quality aluminum maintains the proper serving temperatures for all your foods. Plus, we offer a wide assortment of sizes and capacities to fill your presentation needs.

Our **DuraCoat™ Cast Aluminum Coating** is available in 23 colors (select colors below - see page 3 for full range of available colors). Coatings are NSF® Listed, dishwasher safe, and safe for cold food as low as temperatures of -20°F. Not intended for use in hot wells or steam tables. We recommend natural finish items only for all hot food applications. All Coatings applied at our facility in Willis, Texas.

## WISHING YOUR WELL COULD GET AN UPDATE?

TableCraft provides a convenient and unique recoating program, so you can refinish your current templates for less than the cost of ordering new. Please contact your TableCraft sales rep for quotes and a recoating authorization (RCA) to refinish your cast aluminum serveware. Choose from 23 DuraCoat™ coatings or revert to natural aluminum finish.

## SIMPLE SOLUTIONS™ DROP-IN TEMPLATES

Quick and convenient should work both ways...for patrons and employees. Stock your cold well unit with ease, using TableCraft's Simple Solutions™ Drop-In Templates. Designed to fit NSF-7 cold wells, our templates rest on the factory food pan ledge of a mechanically cooled cold food bar to cradle your food products within the proper cold zone.

- Templates are designed to offer your kitchen staff display versatility and promote best food safety practices
- Drop-in templates are available in regular 3" or deep 5" heights depending on your cooling stations well depth (see listing below)
- Available in Brushed (BRA) or DuraCoat™ Colors (see page 19)

## HOT WELL COVERS ALUMINUM & STAINLESS STEEL

Create a practical alternative solution to the buffet and self-serving stations by replacing hot well templates with covers. No drop-in templates means one continuous serving surface. Hot Well Covers save energy and reduces food waste by keeping foods at optimal temperatures while elevating your presentation, literally, above the wells. Our aluminum and stainless steel options are designed to fit standard well sizes.

- Bring modern style and presentation to your hot food buffet
- Aluminum covers available in Wave or Contemporary patterns; options fit standard size wells
- Stainless steel can be made to order in six finish options [see catalog for more information]
- Perfect for restriction-free serving quantities, pre-packaged meals or single serve items
- Covers are manufactured and shipped from Willis, TX
- Custom sizes also available. To ensure a proper fit, well dimensions and drawings are required, contact your TableCraft rep for details

# STAINLESS STEEL HOT WELL TEMPLATES

## STANDARD SIZES, CUSTOM FINISHES

Enhance the appearance of your buffet with our easy-to-clean templates. Our templates help save energy by trapping the heat from rising above the pan. Accommodates temperatures up to 450°F, to keep food hot longer. Fit standard 12 x 20" wells, our templates are precision cut to fit our tri-ply cookware. We can also provide Auto CAD support to customize templates to fit standard size wells and your existing cookware and serverware.

# QUICK VIEW CHAFERS

## GENERAL FEATURES

Our highly-polished Stainless Steel Quick View Chafers will elevate any catering or buffet line. Windows allow guests to see contents prior to opening the chafers. Steam vents reduce condensation. Slow closing lids reduce the noise that often comes with opening and closing during service. Lids also include safety features for operators to remove and replace food pan inserts easily and safely without risk of steam burns.

- Chafers hold temperature evenly
- Steam pan and water basin included

Slow closing lid with improved hinge design

Hinge design has an integrated stop to keep lid open for serving

Hinge is easy to replace (no tools needed)

Steam Pan Lifter protects operator from steam burns, making food rotation easier

Integrated lid to

Integrated spoon rest for steam pan, keeping your
